HACCP POLICY

Totally Natural Solutions Limited has implemented a Hazard Analysis and Critical Control Point (HACCP) programme at its manufacturing site, as part of a continuing commitment to supplying to its customers safe, high quality natural product.

This HACCP programme adheres to EU regulation 852/2004 (effective Jan 2006), a regulation that reinforces best practice through following the HACCP principles it outlines.

We hereby confirm that all hop products delivered by Totally Natural Solutions are processed according to the internationally recognised HACCP management system.

Colin Wilson
Managing Director

A handwritten signature in black ink, appearing to read 'C Wilson'.
